

WINDSOR

Let's Colour the World!

MAKE LIFE
COLOURFUL

COLOUR AND US

"A life without colour is like an ocean without waves"

Colour occupies a major space in our visual intake, so it is no surprise that colour has an intimate effect on our psyche. Many decisions in our day-to-day life revolves around colour – It may be the clothes you wear, the vehicle you drive, our even the food you eat. Colour has a big role to play in these everyday decisions, so let us create some waves in your life.

We play a part in bringing colour to your life. The walls of your home, your door, your furniture, the railing of your staircase and also the car you drive speak to you. They are a part of your personality and they are a reflection of you as a person. Paint is a thin skin of colour that covers your loved possessions. It beautifies and protects the home you built with care, your child's bed that you lovingly chose and the dream car or bike that you drive.

When you decide on a Paint company to paint any of your prized possessions, choose a brand that understands your sentiments, choose a brand that strives to provide you with the best quality for your money – Choose us, Choose WINDSOR.

What We Do

We do not just make your world colourful, we strive to keep it colourful longer. The Paints that we produce gives colours that are closer to nature and its protective coat lasts longer.

Vision

We intend to work towards our motto of **"Let's colour the World"**. Our vision is to have the Windsor footprint in every corner of the world.

WINDSOR VINYL SILK EMULSION

A premium grade emulsion based on superior acrylic resins. It gives a silky smooth luxurious feel to your walls. It has excellent hiding, anti-bacterial and anti-fungal properties. It has strong adhesion and washability. Available in a range of attractive colours it keeps your walls looking new, fresh & vibrant for years.

WINDSOR WEATHER GUARD EMULSION

Windsor weather guard exterior emulsion is a premium, high-quality, water based exterior paint ideal for exterior facades with excellent UV resistance, washability, and anti-bacterial & anti-mould capability. Stays new and protects your walls for years.

WINDSOR HI-GLOSS ENAMEL

Windsor hi-gloss enamel is based on Alkyd synthetic resin of durable quality. It is an anti-corrosive topcoat that gives a glossy finish to wooden, masonry & metal surfaces. Durable and hard wearing, it serves a dual purpose of protective & decorative finish coat.

WINDSOR HI-COVER EMULSION

Windsor hi-cover emulsion is a budget friendly superior quality paint designed to give a smooth matte finish on smooth or rough plastered surfaces. It is a low odour, low VOC product.
